Subject: Third Quarter 2015 Progress Report
Corp 10 (formerly Freightliner Truck Manufacturing Plant II)
Daimler Trucks North America LLC
Portland, Oregon
(DEQ No. WMCVC-NWR-03-02 and ECSI No. 115)

Dear Mr. Romero,

This quarterly progress report summarizes work performed by Daimler Trucks North America LLC (DTNA), or by the Bridgewater Group, Inc. (Bridgewater) on behalf of DTNA, during the third quarter of 2015, related to remedial investigation and feasibility study (RI/FS) and source control evaluation (SCE) activities being conducted at DTNA's facility at 5400 North Basin Avenue in Portland, Oregon (formerly Truck Manufacturing Plant II). This progress report was prepared pursuant to an Oregon Department of Environmental Quality (DEQ) Voluntary Agreement (Agreement) (DEQ No. WMCVC-NWR-03-02) between Freightliner LLC (now DTNA) and the DEQ, effective February 6, 2003.

Attachment B to the Agreement describes the reporting requirements for the RI/FS. Quarterly reports are to be submitted to the DEQ by the fifteenth day of the month following the reporting period. According to the Agreement, reports are to include the following information: activities that occurred during the reporting period, a description of the data collected or results of data analyses received during the reporting period, and a description of activities planned for the next quarter.

WORK COMPLETED DURING THIRD QUARTER 2015

- On July 15, submitted notes summarizing the June 15 meeting with DEQ, including tasks to be completed for the remedial investigation, risk assessment, and source control evaluation (SCE).
- Submitted a SCE Addendum Report on September 29, including the results of additional stormwater sampling and analysis in November 2014.

RI/FS AND SCE ACTIVITIES PLANNED FOR FOURTH QUARTER 2015

- Meet or schedule a monthly call with the DEQ to discuss project status.
- Respond to the DEQ's forthcoming comments on the 2009 RI/RA Report.

Mr. Michael Romero
